LCCA Brings on the Heat with Two Texas Pete Cars

The Lionel Collectors Club of America (LCCA) is turning up the heat and offering two very saucy Lionel-built O gauge cars to its members. The “Texas Pete Heat Fleet” includes a tank car and a matching boxcar that will spice up anyone’s layout. And the two cars are loaded with special ingredients.

These Texas Pete hot sauce cars are being offered to LCCA members on a one-of-each-only basis while supplies last. If you are not a member of the club, you can join and enjoy all of the many benefits of the club and order your Texas Pete cars. You can join at Lionelcollectors.org or by calling the business office at 815 223-0115 from 7 a.m. until 4 p.m. (Central time) Monday through Friday. Club members can order their special cars at the LCCA website store or by calling the business office.

Both cars in this “Fleet of Heat” will manage O-31 curves, have silver painted die-cast metal trucks, working couplers, and are painted and assembled in the USA by Lionel. The boxcar will be 10-1/2 inches long with opening waffle doors and Hot Sauce graphics all over the top and sides. The tank car has a plastic body and frame with die-cast platforms and safety railings and stamped metal sides.

The cars will be available in the fall of 2023 and are priced at \$90 each plus shipping and handling. Place your order now, for Pete’s sake!
